

LANCASTER

Founded in 1718, the small town of Lancaster is in the state of Pennsylvania, in the heart of Amish country. This “Dutch Country” community has about 58,000 members living apart from mainstream society, according to traditional values based on farming and family life. Don’t be surprised to cross paths with horse-drawn carriages along the road! Lancaster is also known for its public farmer’s market, the oldest in the country.

WHO ARE THE AMISH?

For the Amish, time stopped in the 17th century.

You may be surprised to find an entire **community living apart from modern society, without electricity or technology!** Their lifestyle is simple and excludes the use of modern conveniences such as automobiles, televisions and even telephones.

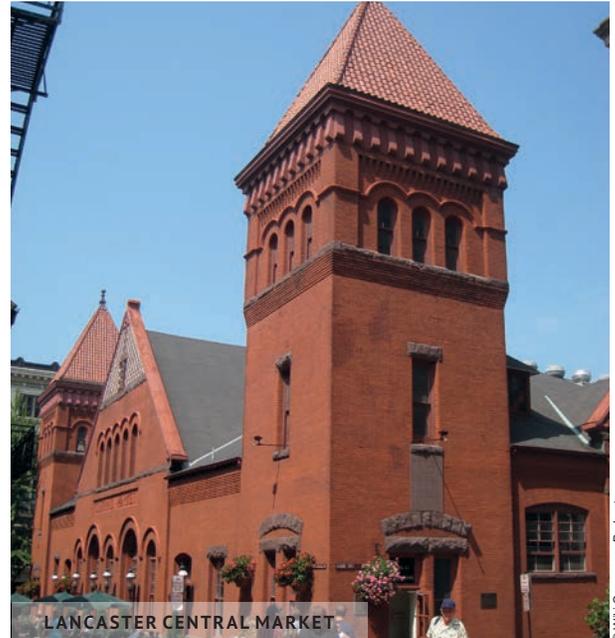

Take a tour of the Amish countryside and village in an Amish horse and buggy. You will learn all about the Amish farming lifestyle and see Amish women working on traditional hand-sewn quilts.

It may seem difficult at first to connect with the villagers, who have a very strong **sense of community**. You may find it easier if you happen to speak German: their mother tongue is Pennsylvania Dutch, a German dialect spoken by their ancestors who immigrated to the U.S. in the late 17th century.

Don't be surprised to hear the locals call you "english": most Amish speak Pennsylvania Dutch, and refer to all non-Amish as "english", regardless of ethnicity.

AUTHENTIK TIP:

Out of respect for your Amish hosts, take care not to photograph or film them directly, something that they do not appreciate. You are welcome to take photographs of scenery or inhabitants from afar, but please respect their desire for privacy.
